JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

*Daiquiri*.—Dr. Jongh reports 2 deaths during the week from the following causes: Gangrene, 1; cerebral congestion, 1.

Respectfully,

HERMAN B. PARKER,  
*Assistant Surgeon, U. S. M. H. S.*

The SURGEON-GENERAL,  
*U. S. Marine-Hospital Service.*

*Report from Matanzas, Cardenas, Isabela de Sagua, and Caibarien.*

MATANZAS, CUBA, November 28, 1899.

SIR: I have the honor to submit the following sanitary report of the quarantine district under my command for the week ended November 25, 1899:

*Matanzas*.—Twenty-four deaths occurred in the city of Matanzas during the period covered by this report, showing a mortality of 36.12 per thousand. The principal causes of deaths were as follows: Malarial fever, 5; tuberculosis, 5; heart disease, 4; old age, 2; enteritis, 1; nephritis, 1; other causes, 6. No cases of an infectious character were reported. Three vessels were inspected on arrival; 2 of these were foreign vessels and 1 a coasting vessel. Two bills of health were issued to foreign vessels and 1 certificate of inspection to a coasting vessel. Three health certificates were issued, 1 to persons leaving the island via Havana. Two pieces of baggage were disinfected; also, by request of the military authority, the building previously occupied by the Spanish bank was disinfected.

*Cardenas*.—Act. Asst. Surg. Enrique Saez reports that 8 deaths occurred in Cardenas during the week, all from general diseases. No cases of a particularly infectious or contagious character were reported. Nineteen vessels were inspected on arrival; 2 of these were foreign and 17 were coasting vessels. Two bills of health were issued to foreign vessels.

*Isabela de Sagua*.—Act. Asst. Surg. Pedro Garcia Riera reports that 12 vessels were inspected on arrival; 1 of these was foreign and 11 were coasting vessels. Three bills of health were issued to foreign vessels and 6 certificates of inspection to coasting vessels. No sanitary report has been received for the week.

*Caibarien*.—Act. Asst. Surg. Bernardo Escobar reports that during the week, 6 deaths occurred in the municipal district of Caibarien, all from general diseases. Two bills of health were issued to foreign vessels and 5 certificates of inspection to coasting vessels. Seven vessels were inspected on arrival; 2 of these were foreign and 5 were coasting vessels.

Respectfully,

FELIX GARCIA,  
*Acting Assistant Surgeon, U. S. M. H. S.*

The SURGEON-GENERAL,  
*U. S. Marine-Hospital Service.*

*Report from Nuevitas.*

NUEVITAS, CUBA, November 27, 1899.

SIR: I have the honor to submit the following report for the week ended November 25, 1899:

Eight vessels have arrived and 8 bills of health have been issued.

During the week 4 persons have been detained upon Cayo Puto to make five full days from Havana.
